### THE MUSIC OF THE WIRES.

**Mayor Kilgore, of Muncie, Assaulted by a Republican—Incendiary Fire at Cortland, Ind.—A Stave Factory Burned at Antwerp, Ohio—Shooting Affray at Indianapolis—Fatalities.**

### The Mayor of Muncie Assaulted by a Republican.

MUNCIE, Ind., Oct. 12.—Yesterday there occurred a most brutal and disgraceful row over political affairs, in which Miles Smith, a liveryman and Republican, assaulted Charles W. Kilgore, mayor of the city and a Democrat. On Saturday Smith had a fight in a saloon. Kilgore came up after the trouble was over, and asked Smith what the trouble was. Smith took this simple interrogatory as an interference and struck Kilgore, who drew a revolver and was about to shoot, when a friend rushed between the two men. Later in the day Mayor Kilgore went to Smith's stable for the purpose of explaining the difficulty of Saturday, as he understood it, and if necessary apologize. Smith invited Kilgore into his office and then shut the door, then turned and struck him who had come into his place as a peacemaker. Kilgore was knocked down and badly beaten. Smith pleaded guilty in the police court and was fined. So it now appears that the Republicans are doing a good lot of bullying in this stronghold.

There is bad blood in the eyes of the Republican pug ugies and shoulder pushers here, and there will no doubt be trouble to-day. The streets are filled with bummers, and there is bad odor on the breeze.

### A Philadelphia Detective Shot by an Indianapolis Policeman.

INDIANAPOLIS, Oct. 12.—A row occurred in the Opera House saloon last night about 9 o'clock between a party of Philadelphia roughs and repeaters, who are in the city for the purpose of voting the Republican ticket, which resulted in one James Henry, a Philadelphia detective, getting shot in the back of the head while fleeing from a number of the gang who had attacked him in the saloon while quietly taking a drink with a friend. The shooting took place at the corner of the alley and Market street, between Pennsylvania and Delaware, and no one seems to know positively who fired the shots, the second of which took effect, being imbedded in the man's skull, while the bullet was entirely flattened out. He was taken to the Surgical Institute and the ball removed, when he walked to the Allegheny House. He was otherwise terribly beaten about the head, but is not dangerously injured. The prevailing opinion is that Captain Nicholson, of the police force, fired the shots, and it is reported that several gentlemen who witnessed the affray are ready to testify to the fact.

### Battle of the Railroads.

CHICAGO, Oct. 12.—Yesterday the Wabash made a cut of \$1.00 on passenger rates from Chicago to St. Louis below all other roads, the reason given for the action being that their depot at this point is two miles from the business center of Chicago.

The Chicago and Alton folks followed suit with a cut of \$1.00, when the Wabash made another reduction of \$1.00, which places their rate at \$7.00.

### A Negro Narrowly Escapes Being Lynched.

NASHVILLE, Tenn., October 12.—The American's Lynnville special says: "A negro prisoner, in charge of Sheriff Arrow Smith, was taken off the train at this place to-day by a number of men, but was returned into custody upon his agreeing to return him to Pulaski. The negro had ravished a white girl near Prospect, and was being brought to Nashville for safe keeping."

### A Flouring Mill Burned.

CORTLAND, Ind., Oct. 12.—The three and a half story steam flouring mills of George R. Brown, at this place, were burned to the ground at 11 o'clock last night. Loss fully \$10,000; insured for \$2,500. It was undoubted the work of incendiaries, as they shut down Saturday at 5 o'clock in the evening. The loss is a severe blow to our people, as they were patronized by a large extent of country, and were among the best mills in Jackson county.

### Ross Wins the Wrestling Match.

PROVIDENCE, R. I., Oct. 12.—A wrestling match between Duncan Ross, the Scottish champion, and H. M. Dufur, champion collar and elbow wrestler of the world, for a purse of \$500 and the champion belt held by Ross, was won by Ross last night. He secured two catch-as-catch-can falls and a fair side hold fall, Dufur winning two collar and elbow falls.

### Warlike Preparations.

DUBLIN, Oct. 12.—The military authorities in the west of Ireland are making extensive preparations in view of apprehended disturbances. Houses are being hired at Tuam and Headford in Galway, and at Balla in Mayo, for immediate occupation by military detachments. Troops will also leave Curragh of Kildare for Castle Bar and West Port in Mayo.

### Died from His Injuries.

COLUMBUS, O., Oct. 12.—Edward Pike died yesterday from injuries received from Thomas Herbelshiemer last Friday evening. Herbelshiemer is in custody, and will be charged with murder in the first degree. Pike was cut several times in the left arm and the arteries were severed.

### Burned to Death While Boiling Apple Butter.

SUNMAN, Ind., Oct. 12.—Mrs. Stemforth, an elderly lady, while making apple-butter yesterday afternoon, upset the kettle which it was in, and during the excitement her clothing caught on fire, and she was burned to death before assistance reached her.

### Yellow Fever, in New York.

NEW YORK, Oct. 12.—John Johnson, employed on the steamer Murid, from Barbadoes, has been sent from the Long Island College hospital, Brooklyn, to the quarantine, suffering from a pronounced case of yellow fever. The vessel is lying in North River.

### A \$2,000 Blaze at Antwerp, Special to the SENTINEL.

ANTWERP, Ohio, October 12.—The stock barrel stave factory, belonging to the Antwerp Stave Company, was burned down about 5 o'clock this morning. The loss is \$2,000, on which there is no insurance. The origin of the fire is unknown.

### A Crooked Postmaster.

NEW BRUNSWICK, N. J., Oct. 12.—Postmaster Joseph F. Fisher, Treasurer of the Union Loan Association, has embezzled \$23,000 of the stockholders' funds. He claims to be able to pay back the amount.

### Weather Indications.

WASHINGTON, D. C., Oct. 12.—Indications for the lower lake region are colder with north to west winds, rising barometer and rain, followed by partly cloudy weather.

### "Robert, the Devil" Wins a Race.

LONDON, Oct. 12.—At Newmarket the race for the Czare-switch stakes was won by "Robert the Devil," Ceyphalata, 2nd; "The Star" 3rd.

### An open Ticket.

It having been noised abroad that Mr. John H. Bass, the well-known foundryman, of this city, intended to vote the Republican ticket, that gentleman put an effectual quietus to the unfounded rumor by going to the polls this morning and voting an open ticket that was Democratic from the top to the bottom, and from the bottom to the top. As he did so he was greeted with unbounded applause by the large body of Democrats who were present at the polls.

4 O'CLOCK.

### THE NEWS OF TO-DAY.

**Progress of the Elections in Indianapolis, Evansville, Cincinnati and Columbus—The Chicago Academy of Music Destroyed by Fire—Loss, \$22,000—One Fireman Seriously Injured.**

### OHIO.

### The Election Proceeding Quietly and a Heavy Vote Being Thrown.

COLUMBUS, October 12.—Election day dawned chilly, cloudy and threatening rain, but before nine o'clock the clouds were dissipated by the sun, which is now, at mid-day, shining bright and warm, with a cloudless sky, and the certainty of a pleasant afternoon. A circuit of all the polling places in town shows that the voting commenced very early and has been going actively forward ever since. The result is that a very large proportion of the vote is already in the boxes. In one precinct, where the vote last fall was 485, their has already been deposited 417 ballots, or very nearly the entire vote. In every other precinct over half of the votes are in and in most of them two-thirds or three-fourths of the total. The Republicans claim that this fact, together with the fine weather, works to their advantage, and assert they have made handsome gains. This claim the Democrats do not concede. Both parties are doing their utmost to poll their full strength, and it is likely the city vote will be larger than ever before. There has been no trouble at any polling place, and the business men have, as a rule, closed their places, and stand about the polls to prevent any disturbance that may be attempted. Both parties are uniting to secure a fair and full expression of opinion, and the best of feeling seems to prevail. The Democrats claim to have evidence that two illegal votes have been cast by Republicans in one precinct. The headquarters of the two parties are nearly deserted, but the interest is merely transferred to the polling places. Arrangements are completed for receiving the returns to-night at the earliest possible hour.

### The Protestant Episcopal Convention Considers the Question of Divorce.

NEW YORK, Oct. 12.—At the Sixth day's session of the Protestant Episcopal Convention Rev. Dr. Franklin offered the following:

WHEREAS, The last clause in P. Q. Canon 13, Title Y, which reads thus: "Or to parties once divorced seeking to be united again" may conflict with the word of God, as written in the 24th chapter, 3d and 4th verses of the book of Deuteronomy; therefore,

Resolved, That the Committee on Canons be requested to give attention to that clause and report to this Convention.

Resolved, That the Canon in question relates to marriage and divorce, and the paragraph reads as follows: "No minister knowingly, after due inquiry, shall solemnize the marriage of any person who has a divorced husband or wife living, if such husband or wife has been put away for any cause arising after marriage, but this Canon shall not be held to apply to an innocent party in divorce for cause of adultery or to parties once divorced seeking to be united again."

The resolution was adopted.

**Baltimore's Sesqui-Centennial.** BALTIMORE, Oct. 12.—The celebration of the Sesqui-Centennial is convened to-day. The Knights Templar, Royal Arch and Blue Masons are out in strong force, including a number of visiting commanderies of Knights Templar. The remainder of the procession is composed of the children of the public schools, of whom there are several thousand in line.

### Reduction on Oysters.

Five to 15 cents for O. K., 23 cents per can; S. & W. 28 cents; frying 33 cents per can.

### FRUIT HOUSE.

### The Chicago Academy of Music in Ruins.

CHICAGO, Oct. 12.—The Academy of Music, owned by Wm. M. Emmett, and situated on West Halstead street, was totally destroyed by fire this morning. One fireman was fatally injured and five seriously hurt. The cause of the fire is as yet unknown. It originated about 10 o'clock among the flies back of the stage, near the roof. It spread with great rapidity, and was beyond control when the firemen arrived. The fire had been burning but for fifteen minutes when the roof fell in with a tremendous crash, burying several firemen. A terrible confusion followed, and it was with difficulty and peril to their own lives that the firemen succeeded in rescuing their comrades. Theodore Barnhardt, of Engine No. 14, is fatally injured. The others, although badly wounded, will recover. The front wall of the Academy is still standing, but the building, which had just been refitted for the season at an expense of \$15,000 or \$20,000, is entirely gutted.

### LATER.

As the walls of the Academy of Music are still standing, the stage and all stage machinery escaped without serious damage, the loss will not be as heavy as first anticipated, and will not exceed \$40,000. Insured for \$22,000. The building was owned by W. B. Clapp and the Theatre rented to William Emmett.

### The Egyptian Commission for the Suppression of the Slave Trade a Farce.

LONDON, Oct. 12.—Colonel Gordon Gordon Pasha, while passing up the Red sea, wrote, under date of September 29, to the secretary of the British Anti-Slavery Society as follows: "I hear of Egyptian officials leaving Massawah to annex Damarle Coast and occupy Guardafui promontory. This will involve Egypt in a yearly expenditure of fifty thousand pounds, and completely blockade Abyssinia from the sea. The Egyptian commission, established at Assot for the suppression of the slave trade, is a perfect farce."

### One More Victim—A Secret Investigation.

PITTSBURGH, October 12.—Another victim of Saturday's collision, Miss Rose McCabe, died last night at the West Penn hospital. Up to noon to-day no more deaths occurred, though little hopes are entertained of several. The railroad authorities are holding a secret investigation.

### Steamship Arrivals.

The Labrador from Havre, Herder from Hamburg, Bothnia and Wyoming from London have arrived at New York. The Ontario from Montreal has arrived at Liverpool, and the State of Nevada, from New York, at Glasgow.

### Going on Quietly at Evansville.

EVANSVILLE, Ind., Oct. 12.—The election is going on very quietly. Both parties are working very hard and will poll a very large vote.

### Frolics.

The audience that filled the Grand Opera House last night was composed of the better class of our amusement going people who love the jolly rollicking scene and incidents of the comedy far better than the classic tragedy. The attraction last evening was the far famed Goodwin Frolics, an organization known on both hemispheres as the most mirth provoking in existence. Those who went to the Grand last evening in the expectation of enjoying a good laugh, we venture to say were not disappointed, for who can witness the inimitable performance of Nat. Goodwin and not laugh? He is, without doubt, the finest exponent of comedy on the road, and his audience is kept in constant merriment by his very expression. Miss Alice Burville, his leading lady, is a dashing actress, to whom the part she assumes is admirably adapted. In fact the entire company, which is composed of only seven persons, is unexcelled, and it may rest assured of a crowded house on its every appearance in this city.

### A Heavy Vote Being Polled in Cincinnati.

CINCINNATI, October 12.—The weather was cloudy in the morning but cleared off pleasant this afternoon. The vote began to be cast very early, and at 1 p. m. the number of votes in the boxes in many precincts exceeded the total vote of last year. Business is practically suspended, and the largest vote ever cast will be polled to-day. No trouble up to the present time. As a precautionary measure the Mayor has called on the military to be in readiness, and several companies are at the armory ready to respond if called upon. A half dozen arrests have been made for disorderly conduct and for an attempt at illegal voting. The polls are closely watched everywhere, and very little scratching is done. The Republicans regard the heavy vote as in their favor. The Democrats do likewise.

### At the State Capital.

INDIANAPOLIS, Oct. 12.—The election is passing off very quietly and there are no indications of disturbance from any quarter. Business generally is suspended and a very full vote will be polled. Only two or three arrests have been made by the police.

### Shining Shiekels.

NEW YORK, Oct. 12.—The steamships Bothnia and Herder brought \$882,000 in gold.

It is reported that gold to the amount of 600,000 pounds was taken from the Bank of France yesterday, chiefly for America and Germany.

### LATEST CITY NEWS.

J. H. Granneman, of Kidmonda, Illinois, is in the city on a visit to friends.

During thirty-three minutes 127 votes were polled in the Fifth ward this forenoon.

Mr. S. E. Moras got his little ballot in all the same to-day, the Gazette to the contrary notwithstanding.

There is an unusually large number of bummers and dead beats in the city, and all of them are apparently strangers.

A lost child, found wandering around on East Wayne street this morning, was kindly cared for by sympathetic friends this forenoon. Its parents are unknown.

Up to the hour of going to press no trouble of any serious character has occurred, and it is to be hoped that the same report can be given after the polls close this evening.

The ladies of the Centenary M. E. church will hold their sociable tomorrow evening at the residence of Mrs. Griffin, 61 Melita street. All are invited.

Up to the hour of going to press the election in this city has passed off very quietly, with the exception of one or two minor knock-downs. Both parties are working hard to achieve success, and the indications are that a heavy vote will be thrown. The three leaders of the Greenback party are also to be seen at the polls with their arms laden with tickets.

**Mistakes Should be Corrected.** Particularly the practice of taking medicine into the system by way of the stomach for diseases of the Kidneys. It is an old treatment, well tried, and proven inefficient. The true method is absorption, as proven by the great success of DAY'S KIDNEY PILL.

### National Democratic Ticket

For President.  
**WINFIELD S. HANCOCK,**  
Of Pennsylvania.  
For Vice-President,  
**WILLIAM H. ENGLISH,**  
Of Indiana.

THE Prohibition party in Massachusetts has decided to put full State and Congressional tickets in the field.

"We are in a state of profound peace. Henceforth let it be our purpose to cultivate sentiments of friendship, and not animosity, among our fellow-citizens."—Hancock's letter of acceptance.

"If you will sit down and write the best thing that can be put in language about General Hancock as an officer and a gentleman, I will sign it without hesitation."—Gen. William T. Sherman.

THERE were more strangers in the city yesterday than could be satisfactorily accounted for. Some were calabossed and some jailed. They were probably Republican millionaires looking up business locations.

GENERAL GRANT is rapidly losing the high esteem in which he was held by the American people. His recent mut' throwing, at General Hancock has lowered his character in the estimation of his friends.

It is said that the registration lists in New York city show that about two hundred thousand voters will cast their ballots in that city at the November election; and leading Democrats claim that a majority of 65,000 for Hancock may be expected.

GENERAL GRANT is crazy for the Presidency, and his great service to the Republicans in issuing campaign documents may compel that party to take Garfield's name from the ticket and substitute that of Grant.

MERCHANTS and business men in New York contributed largely to the Republican election corrupting fund in this state to pay for the services of bummers, ballot-box stuffers and repeaters to carry the state for the Republican ticket.

THE recent death of an Indian woman in the Indian Territory at the early age of 114 years from the effects of a severe cold contracted in 1830 and the "excessive use of tobacco during 105 years of her life," the St. Louis Republican thinks should be a warning to those who use the weed.

ANOTHER M. D. diploma factory has been discovered. And this time the concern is in Boston. The diplomas bear the title of the "New England University of Arts and Sciences," which has a charter from the New Hampshire legislature, and a large number have been disposed of in Germany, an agent having been sent there for that purpose.

A LARGE number of prominent business men in Chicago have issued an address, in which they state: as their opinion that the election of General Hancock to the Presidency will not disturb business in any way; and that it is an audacious insult to the intelligence of every business man to claim that the continuance of the prosperous condition of the country depends upon keeping any political party in power.

THE census returns from South Carolina and Mississippi, that were said to be exaggerated and incorrect, have been officially investigated under the direction of Secretary Schurz and Superintendent Walker, and found substantially correct; which dismisses the charge of fraud in making the returns, and shows the growth and prosperity of the South in some degree. The representation in Congress will be largely increased from the Southern as well as from the Western and Southwestern States, transferring the power in the law making power of the Government from the Eastern and Middle States to those above mentioned.

At a Hancock and English meeting in Brooklyn, last week, the Rev. Henry Powell, of the old Bushwick Dutch Reformed Church, was introduced and received with hearty cheers. He said he did not intend to detain the audience for any length of time, as he hoped to have the opportunity of addressing them at length on Friday. He had always voted for and labored with the Republican party up to the close of the presidential election of 1876, but the more he studied the subject the more firmly he had become convinced that in counting out Mr. Tilden the Republican party had been guilty of gigantic fraud. For that reason and because the Republicans persisted in raising the dead issues of the war, refusing to allow them to rest in the graves to which they had been consigned, he had resolved upon withdrawing from the party, and was glad when he found the Democratic party had nominated a man for President whose patriotism, strict justice and unswerving honesty were such that he could conscientiously give him his full support. He intended now to exert his utmost influence to help secure the election of General Hancock.

THE Democratic party in Alabama does not appear to be so much imbued with treason as Republicans represent. The party there stand committed by its platform by the action of every department of State Government, and by the Judges of the courts:

First. To an acceptance of the results of the war.

Second. To the equal political rights of every citizen.

Third. To the faithful maintenance of the public credit, state and national and unflinching opposition to the repudiation of any public obligation.

Fourth. To the free and fair exercise of the elective franchise.

Fifth. To the strictest economy in the administration of public affairs.

GARFIELD was a great soldier. He was in the army just twenty-eight months, and in that time was away on leave of absence thirteen months. While his division was fighting he was stumping his State for Congress, and the roll reported him "absent on account of sickness." That is his war record.

GARFIELD has not yet produced that brief for which he received a five thousand dollar fee for his services in the DeGolyer paving contract. He really did not do anything as an attorney in earning that amount of money but voting millions of dollars into the pockets of Boss Shepherd and his gang of thieves.

BOSS SHEPHERD says he had no idea that Garfield had any interest in the DeGolyer paving contract, that he was satisfied that it did not come up to the requirements, but in the interests of the District of Columbia. This excuses the swindle in the eyes of the unsophisticated Boss.

THE epizootic has reached Rochester and Buffalo from New York, and there are fears that it will spread over the entire country. Hundreds of horses daily succumb to attacks of the fatal disease.

WORKINGMEN, vote the Democratic ticket, with John H. Bass and other leading manufacturers and business men, who know what is for the best interest of the workingmen and the country.

WORKINGMEN don't fail to vote for your interest by voting the Democratic ticket, that fosters manufactory and legislates to give you fair wages for a fair days work.

It will be high time for Grant to twit Hancock of Presidential ambition when people have forgotten his own struggle for the third term.

THE worst point to be made against the Republicans this year is that they appeal to the fears, while the Hancock men appeal to the hopes, of the country.

WORKINGMEN vote for your interests by voting the Democratic ticket and rebuke Republican shoddy aristocracy and American Imperialism.

THE Republican party is the knowing party that proscribes foreigners and calls them the offscourings of Europe.

GARFIELD had better resign and run for Congress, as he used to do when the fighting grew warm.

VOTE against the Know-nothing party, the Republican party.

THE Democratic party has always been the labor party, and guarded the interests of workingmen.

CAN any one tell when and in what way the Republican party has legislated for the interests of workingmen.

THE Republican party is the party that wants a strong government, a centralization of power, an aristocracy.

MRS GARFIELD is having six silk dresses made for use at the White House. She must intend to make six calls upon Mrs. Hancock.

VOTE the Democratic ticket, unscratched, and elect representative men to office, and rebuke the kidglove aristocracy who regard workingmen as the "mudsills of society."

VOTE the Democratic ticket, a ticket composed of honest, qualified representative men, who recognize the right of workingmen, and who will perform their duties without fear, favor or reward.

FORTY million dollars the Government collects annually from the working men and their families, as a tax on sugar alone, and this is what Republicans call a tariff for revenue discriminations in favor of labor.

DE GOLYER GARFIELD is really in the back ground, and it is not definitely known whether it is he or Grant that the Republicans are running for the Presidency. Conkling, Schurz, and others, act and talk as though Grant was the man. Grant is in training.

THE duties collected on sugar imported into this country amount to \$40,000,000 yearly; and this is the tariff imposed by Republicans for the benefit of rebel sugar planters in Alabama, Mississippi, Louisiana and Texas; and a sample of the tariff proposed by the Republican party "discriminating in favor of labor."

How has the Republican party, that has controlled legislation during the past twenty years, adjusted the tariff so as to discriminate in favor of labor. It remains upon many articles consumed by working men, whilst it has been materially reduced or removed entirely from articles consumed by the rich. The article of sugar alone, consumed largely by the poorer classes, yields a revenue of \$40,000,000 per annum, nearly all of which is tax upon labor; and diamonds, laces, wines, silks and other luxuries for the rich only, do not pay one-half that amount. And this is the sort of tariff that Republicans have adjusted and which the leaders in the party desire to continue under the name of a tariff for revenue, discriminating in favor of labor. Away with such deception. It is a cheat and a fraud, and tends to make the rich richer and the poor poorer.

A young man by the name of William Kotz, coachman for Mr. Charles McCellan, came to my store one morning complaining that his feet hurt him very badly, and expressing fears that they were frost-bitten. He had in vain tried to get relief by consulting physicians, and had endeavored, without success, to ease the pain by rubbing his feet with snow and ice, the remedy applied in such cases. Being exposed a great deal to the cold by his occupation, his feet got worse daily, until one day he fainted in the street. A few days after he again came to my store and showed me his feet. I have seen a great many sores in my life, but nothing to equal this, and was afraid the poor fellow would lose his limbs. He asked me for St. JACOBS OIL; but at first I refused, as I did not wish to take the responsibility upon myself, not being a great admirer of so-called patent medicines. However, some friends, who happened to be in the store at the time, begged me give the St. JACOBS OIL to the sufferer; so we rubbed his feet well with the OIL, and he took the remainder with him. After nine days the same man again came into my store, perfectly well, and requested me to write to you of this most wonderful cure. He also stated that two other persons had been cured of Rheumatism by the same bottle which helped him.

JOHN LENZEN.  
Avon, Loraine county, Ohio, Jan. 17, 1879.

THE Republican leaders propose to have a strong government a centralization of power, a monarchy, and then how will it be with workingmen? They will fare no better than they do in the most tyrannical countries in Europe.

THAT evening abortion, the *New*, denounced the Democratic State ticket bitterly in its issue of last night, while it exalted the Republican ticket to the best of its ability. Money only is needed to change the opinions of the editor of the sheet, whose course throughout the campaign has been sneaking, low-lived and degrading.

WHEN Garfield, Conkling, Grant and others change the form of Government in this country to a monarchy as they propose, then workingmen will be no better off than the peasantry in the monarchies of Europe.

WILL workingmen fare any better in this country when the Republicans establish this nation with a big "N" than they do in England.

## TO A LOT OF STOVEPIPE.

Infernal stuff, your nature well I know,  
So when I took you down six months ago  
Each piece I numbered so that I might  
tell  
Exactly how you'd go together well.  
And now the time for chilly days draws  
nigh,  
To put you up again I madly try,  
But all in vain. The joints that then did  
fit,  
Now do not come within an inch of it.  
I get you two-thirds put in place and  
then  
Crash you go tumbling to the floor again;  
Once more I try. You're rather full of  
soot,  
And I am getting daubed from head to  
foot.  
I jam my thumb, but still I persevere,  
One piece goes down again and rakes my  
ear;  
I grab to catch the piece, another goes,  
And, falling, scrapes the hide all off my  
nose;  
And then another piece falls with a slam,  
And then the rest goes down and I say  
"damn."  
And then my blood gets boiling and I say,  
By all that's blue, I'll fix you anyway.  
Once more I go to work. By patience  
great  
I get all but a single section straight.  
And that I am about to place, when, oh!  
The chair I stand on tips. Down flat I go.  
While on and round me, with a horrid  
crash,  
The whole comes down in one grand  
smash!  
And then my wife remarks: "I never  
saw  
A man so clumsy!" I say, "Hold yer  
jaw!"  
And for a timman send while I retire  
To wash myself and swear, to vent my  
ire.

## Some Important Information About Handling Guns.

Now that the hunting season is at  
hand, a few hints to boys how to  
handle a gun safely, may not be out  
of place, and may, perhaps, save  
some from being hurt or fatally in-  
jured.

Since breech-loading guns have  
been introduced, muzzle-loaders have  
become very cheap, and in mostly  
every household of boys over twelve  
years of age one may be found. A  
gun should be kept at half-cock. A pull  
on the trigger or blow on the dog-  
head will not cause it to go off. If  
the dog-head should strike something  
and cause it to go back, it would  
remain full cock, or return to half-  
cock. Upon no condition should the  
dog-head be allowed to rest upon the  
cap. This is the source of the major-  
ity of accidents. When the dog-head  
rests upon the cap the slightest blow  
upon it will discharge the gun. The  
carrier of the gun and his comrades  
are continually in danger of their  
lives while the gun is in this condition.  
It is safer, by far, to carry a gun at  
full cock than to have the dog-head  
down upon the cap, as it can only go  
off by something touching the trig-  
ger, which is well protected by the  
guard.

For safety, the muzzle should al-  
ways be elevated. In climbing a fence,  
keep the muzzle more than a foot  
above the head. Do not pull a gun  
through the fence after you.

Never ride in a wagon or cars with  
your gun capped.

When one or more are in a boat  
hunting ducks, all the guns should be  
placed in front of the party in the  
bow, pointing from him. If the boat  
is concealed in the marsh, and used to  
shoot from over decoys, place it side-  
ways, so the parties can shoot side by  
side.

Never shoot over the head of a com-  
rade.

Having a double barreled gun, both  
barrels cocked, and only discharging  
one barrel, be sure and half cock the  
other before loading.

Never pull a gun from a wagon or  
boat with the muzzle towards you.  
The gun should be raised to a perpen-  
dicular, and kept at a safe distance  
from the head.

When capping a gun, hold it in the  
left hand, muzzle pointing in the air  
at an angle of forty-five degrees or  
more.

## FASHION JOTTINGS.

Buttons are more wildly extrava-  
gant than ever.

Deep tucks on dresses are a revival  
of fashion of yester olden time.

French modistes add flowers as ac-  
cessories to all but the simplest style  
of dresses.

Black dresses still hold their own  
and are as elegant and fashionable as  
ever.

Juno trains made of peacock feath-  
ers set on a train of light gray, almost  
white satin, are announced from Paris.

Husar jackets of red or light blue  
cloth, tight-fitting and trimmed with  
gold or silver braid in military fash-  
ion, are a striking novelty for "dash-  
ing" girls.

Handsome tides or chair-backs, as  
they are now called, are of fine linen  
canvases like lace, self fringed and al-  
most covered with rich designs in  
many colored silk embroidery.

To wear with rich short costumes  
are jackets of plush, figured velvet or  
of armure silk, black or colored, made  
in the simplest shapes, single-breasted,  
of medium length and of such rich  
fabrics that the only trimming needed  
is the square collar, cuffs and side  
pockets of embroidery, beading or  
passanterie. These are very thickly  
wadded, and are lined with bright-  
colored satin or plush.—*Harper's  
Bazar.*

It is now claimed by Republicans  
that General Hancock will die some  
time, consequently he is not a fit  
candidate for the presidency.

VOTE the Democratic ticket and  
save the government from the hands  
of frauds and corruptionists, who care  
not for the rights of the people.

The Directoire bonnet, the Direc-  
toire mantle, the Directoire coat and  
the Directoire collar are all among the  
prevailing fashions.
